Company Profile

Company Overview

Shanghai Industrial Products Import & Export Co., Ltd. is a professional comprehensive import and export company specializing in the global sourcing and supply of industrial products. We provide stable, efficient, and compliant trade services to customers worldwide. In recent years, we have focused on HMPE products and fabrics and accessories for non-metallic compensators.

We carefully select qualified manufacturing partners, with priority given to suppliers operating under ISO 9001 quality management systems. Upon request, we can provide product specifications, test reports, material certificates, certificates of origin, and other compliance documents, and support requirements such as REACH, RoHS, CE, ASTM, EN, JIS, or customer-specified standards.

Main Business

- * HMPE products (such as HMPE fiber fabrics and HMPE ropes)
- * Fabrics and accessories for non-metallic compensators
- * Thermal insulation materials
- * Fire-retardant and flame-resistant materials
- * Sealing materials
- * Industrial supporting products
- * Selected chemical products
- * Import and export of consumer goods

Markets and Customers

For more than 20 years, we have built long-term partnerships with customers in Europe, North America, the Middle East, Japan, South Korea, India, and other regions, serving clients with high requirements for quality, delivery, and compliance.

Core Strengths

Extensive Industry Experience

We have solid knowledge of product characteristics, manufacturing processes, international trade procedures, and market requirements, enabling us to respond quickly and effectively.

Professional Team Support

Our experienced international trade team provides full-process support from inquiry and sampling to order placement and shipment.
